Takko Fashion continues successful business development in the third quarter of 2025/2026

- Adjusted EBITDA rose by 6.5% year-on-year to EUR 159.3 million through operational excellence
- Takko advances its growth strategy with accelerated store expansion and increased customer base

Telgte, 08. January 2026. In the first nine months of the 2025/2026 financial year, Takko Fashion successfully continued its growth trajectory and achieved stable sales performance. The quality fashion discounter strengthened its market position and further increased its profitability despite a challenging market environment with ongoing consumer restraint.

Takko Fashion generated adjusted net revenues of EUR 980 million in the first nine months (previous year: EUR 989.4 million; -1.0%). Adjusted EBITDA pre-IFRS 16 rose by 6.5% to EUR 159.3 million (previous year: EUR 149.6 million). This positive development is primarily attributable to a significant improvement in the gross margin, which was achieved through optimized purchasing prices and consistent operational excellence.

Takko Fashion remains focused on its growth trajectory by elevating the shopping experience, opening new locations, and enhancing its Takko Friends customer loyalty program in 2025. The company has modernized 124 existing locations, opened a total of 88 new stores and runs its loyalty program in ten countries with ten million Takko Friends members.

Martino Pessina, CEO Takko Fashion: "We are investing decisively in what matters to our customers: staying close to our customers and creating a modern, appealing store experience. We are driving our growth strategy at a rapid pace and laying the foundation for long-term success. With a clear focus on profitable growth, we will systematically expand our store network across our core markets while extending our loyal customer base."

Stefan Macheleidt, CFO Takko Fashion: "Against the backdrop of an incredibly strong last year with record sales and record EBITDA and despite a challenging consumer environment, we have maintained sales at almost the same level in the first nine months of this year and have increased adjusted EBITDA by 6.5%. Also, our strong adjusted EBITDA margin of 16.3% confirms both our profitable business model and our successful growth strategy SHINE 2028."
